

Kiwis aren't just a type of fruit  
They're short little chubby birds with a long beak  
They live way down in New Zealand  
Where life was perfect  
These birds are flightless but they've  
Got a keen sense of smell  
Their claw-like feet can dig burrows  
But they never hibernate

Then one day someone brought a dog  
Worst mistake  
One single canine murdered  
500 kiwis  
The Kiwi Massacre kept  
Going, going on  
'Til someone wrote a song,  
'Cause they knew it was wrong  
Singing,

Fly, little kiwi, fly away  
I know it's hard but  
Try, little kiwi, try today  
For one day you will  
Die, little kiwi, die, and hey!  
Must it always be this way?

Kiwis eat bugs deep down in the ground  
And they hide in the forests of New Zealand  
Deforestation kills the land  
And the Kiwis are exposed

Then one day someone brought a cat  
Worst mistake  
Those nasty felines murder  
Baby kiwis  
The Kiwi Massacre kept  
Going, going on  
'Til someone wrote a song,  
'Cause they knew it was wrong  
Singing,

Fly, little kiwi, fly away  
I know it's hard but  
Try, little kiwi, try today  
For one day you will  
Die, little kiwi, die, and hey!  
Must it always be this way?

Your pet dog  
Has blood on its paws  
It's killed ninety-five percent of kiwis  
Your pet cat  
Do you know where it's at?  
It's probably eating a kiwi

The problem isn't dogs or cats  
It's us, the people  
We are the cause but we're their  
Only hope  
Stop letting loose your cats  
And leash your dogs  
It's a lesson we must learn,  
They may never return

Fly, little kiwi, fly away  
I know it's hard but  
Try, little kiwi, try today  
For one day you will  
Die, little kiwi, die, and hey!  
Must it always be this way?
